OUR VISION

Our school community continues our work toward fulfilling our vision and mission to be a dynamic community of independent learners dedicated to respect, responsibility, creativity and the pursuit of academic and personal excellence. We strive to provide all students with a physically and emotionally safe, supportive, and culturally sustaining learning environment. Strong, positive relationships between and among students and teachers are at the core of how we achieve this.

Our core value of fostering a sense of belonging is being translated into our daily activities and actions while we focus on our yearly goals. When measuring our impact on students, it’s essential to go beyond academics to prioritize the social emotional wellbeing of our students so that all students feel they belong in our classrooms, schools, and district.

OUR THEORY OF ACTION

If the Danvers Public Schools ...

• promotes a safe, healthy and welcoming learning environment that is conducive to high academic achievement for all students
• provides engaging learning experiences that allow for student voice and choice
• believes that all students should be engaged in rigorous learning experiences and will learn to the highest level possible

...then students of Danvers Public Schools will become productive, responsible, caring citizens of the local and global community and achieve their definition of success.

We strive to create a welcoming community for all students, staff, faculty and administrators by celebrating diverse identities and working together to create a mutual understanding of one another, especially for those identities that are not our own. We engage in anti-bias and antiracism work as both students and adults to provide the tools, skills, and perspectives to have productive and restorative conversations in creating a more inclusive and just community.

STRATEGIC PLAN

The Danvers Public Schools completed its fourth year of our five-year strategic plan (2018-2023). Over the last two years of our strategic plan, we shifted district priorities to: Diversity, Equity, and Inclusion; Coherent Curriculum, Instruction, and Assessment; and Safe and Supportive Learning Environments as a response to the changing landscape of educating students through a pandemic.

Diversity, Equity, and Inclusion

- Provide culturally responsive learning opportunities
- Build sense of belonging
- Establish school environment where all feel valued, heard and affirmed
- Implement professional learning so that all adults working with students will strive to become anti-racist educators

Coherent Curriculum, Instruction & Assessments

- Develop high impact teacher teams to use Formative Assessment for Results (FAR) Cycle to monitor the learning of all students
- Focus on elementary reading
- Implement Multi-Tiered System of Support (MTSS)

Safe and Supportive Learning

- Support all students in an inclusive, emotionally supportive and culturally responsive environment
- Focus on community
- Prioritize student safety
- Implement practices that build social emotional capacities within students, faculty and staff
QUALIFICATIONS AND COMPENSATION
- Licensed or eligible for licensure as a superintendent of schools in Massachusetts
- Master’s degree required; advance degree preferred
- Minimum of 10 years in education, including teaching, central office and/or administrative experience

SELECTION CRITERIA
The successful candidate will demonstrate:
- Excellent communication skills with the ability to build a culture of trust
